

# YOUR PERSONAL WARDROBE

20001/68 Cabinet - 20001 182 Sliding door.

# DESIGN TO YOUR PREFERENCES

Save modular range is the smart wardrobe solution. Available in three heights; 200, 220 or 240 cm, with options of sliding or hinged doors and flexible in terms of size and space, as the width can be extended as required. Save internal panels and accessories can also be used for walk-in-closets.

The Save wardrobe is assembled with Tvilum's unique bracket system, SmartMount, which enables you to assemble the wardrobe next to the wall. Furthermore, SmartMount allows you to assemble the wardrobe front facing, and attach it directly to the wall after assembling it. This way, you get a more stable wardrobe, which is safer to use. In addition to this, you avoid heavy lifts and moving of the wardrobe.

You can find an instruction video for SmartMount on our website [www.tvilum.com](http://www.tvilum.com) under Support.

damper and add a soft-close  
on to the sliding doors.

Exclusive metal handles  
for sliding doors – in line  
with the stylish design.

Installing LED lights  
is both a functional  
and stylish detail.

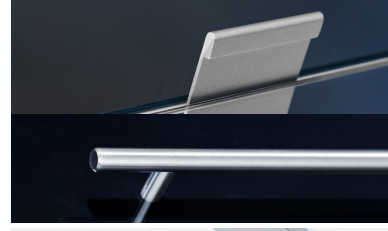

Solid bars in metal.

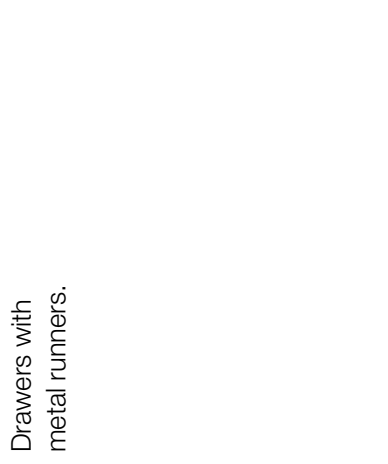

Personal divider  
for drawers.

Opportunity for a personal touch with  
handles in four unique  
designs for hinged doors.

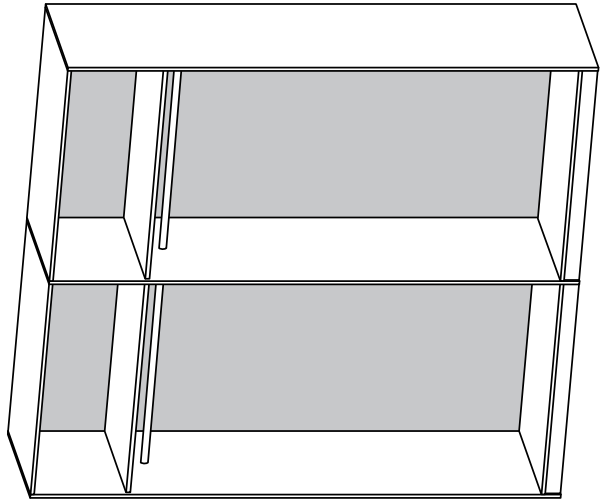

Drawers with  
metal runners.

Metal baskets for  
visible storage.

# SMARTMOUNT MAKES ASSEMBLY QUICK AND EASY

SmartMount is mounted from the side of the wardrobe and attached to the wall before inserting the rear wardrobe panel.

1.

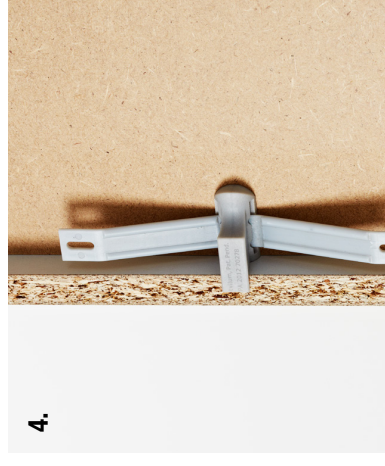

2.

3.

3. The last part of the bracket is attached to the side of the wardrobe and a screw is then inserted through the bracket and rear

2. The rear panel is easily inserted into the groove at the top and bottom of the wardrobe. The dowel helps to make the operation even easier.

4.

4. The bracket ensures that the wardrobe cannot tip over, providing

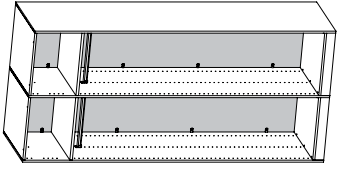

### About the unique SmartMount bracket

With Tvilum's recently developed SmartMount assembly bracket, you can now assemble your wardrobe in your chosen location instead of having to move a heavy wardrobe once it has been assembled. All fittings and screws are mounted from the front.

SmartMount improves safety, as the bracket enables you to secure the wardrobe to the wall, preventing it from tipping over and injuring children and others.

SmartMount also stabilises the wardrobe in direction, thus extending the product's service life. Tvilum's SmartMount bracket also makes faster and easier to assemble a large wardrobe. All in all, SmartMount solves several traditional challenges associated with flat packed furniture one and the same time.
